

Primary student use of mobile phones and personal devices

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

Mobile phones owned by students at Beachport Primary School are considered valuable items and are brought to school at the owner's (student's or parent/carer's) risk. Students are encouraged not to bring a mobile phone to school unless there is a compelling reason to do so. Please note that Beachport Primary School does not have accident insurance for accidental property damage or theft. Students and their parents/carers are encouraged to obtain appropriate insurance for valuable items.

Where students bring a mobile phone to school, Beachport Primary will provide secure storage. Secure storage is storage that cannot be readily accessed by those without permission to do so. At Beachport Primary School mobile phones or personal devices are able to be kept in school bag if families choose – however they are not able to be accessed during the school day. Alternatively, if the student and/or parent requests (or if deemed necessary due to student misuse), mobile phones and personal devices can be stored securely in the school safe.

If the student does not comply

Students breaching the policy will be subject to the normal student behaviour management consequences. The student will also be instructed to pass the phone to the Principal/teacher-in-charge where it will be securely stored in the school safe. The student will be able to collect it at the end of the school day.

If procedures continue to not be followed, the device will be confiscated from the student. It will be stored securely in the school safe and the parent will be asked to collect the device.
